Re: Closure of Administrative Order  
Docket #SDWA-08-2002-07  
PWS ID #UT4901687  
Wasatch Mountain State Park

Dear Mr. Nelson:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Administrative Order, Docket Number SDWA-08-2002-07, issued to Utah Natural Resources, Division of Parks and Recreation, regarding Wasatch Mountain State Park on August 21, 2002. The decision is based upon the letter sent from the Utah Department of Environmental Quality (DEQ), Division of Drinking Water, dated June 11, 2003, which states that DEQ has determined the water source to no longer be under the influence of surface water. Nonetheless, EPA recommends that you continue your plans to install treatment given the possibility that this classification may change in the future.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (NPDWR), 40 CFR Part 141. Violation of the NPDWRs or an administrative order may subject you to a court-imposed injunction and penalties of up to \$27,500 per day of violation.
